What you need:

Your Epson printer
Epson genuine ink
Good quality A4 paper or card
Scissors

Instructions:

1. Make sure your printer's properties are set to high-quality, colour printing
2. Print and cut out the square shape
3. Ensure the square is colour side up
4. Make a crease running from the centre of the top edge to the centre of the bottom edge.
   Now fold back the left and right edges to meet in the middle at the back
5. Open up the shape again and turn it over so the blank side now faces up
6. Take each corner and fold it into the middle and make a crease along the outer edge
7. Now turn over the paper
8. Take each corner and fold it into the middle and make a crease along the outer edge again
9. Turn over the paper again, so you can see the eyes (they should be at the top or bottom of the square)
10. Now fold back the top and bottom edges and make a crease
11. Insert your fingers and thumbs under the flaps
12. Pinch your thumb and fingers together to make your puppet's mouth open and shut
13. Cut out and glue on any accessories you find on the template to complete your paper toy
